LETTER DATED BY SECURITY COUNCIL FROM THE CHAIRMAN D'APRES LE B.I. OF THE PERMANENT MISSION OF GERMANY TO THE UNITED NATIONS REGARDING THE DEPLOYMENT OF THE SECURITY COUNCIL	
With reference to the continuing violations of relevant Security Council resolutions by the Serbian leadership in the Republic of Croatia, as well as to the deployment of Serbian troops from Serbia and the Republic of Bosnia and Herzegovina on the territory of the Republic of Croatia, I have the honor to present pertinent information as well as the position of the Government of the Republic of Croatia.	
According to the findings of the delegation of the Republic of Croatia for negotiations with local Serbian authorities which were presented to the Co-Chairman of the Working Committee of the International Conference on the Former Yugoslavia in July and August of this year, Serbian troops and heavy arms in the United Nations Protected Areas (UNPAs) and "pink zones" in the Republic of Croatia were re-equipped in men and military equipment from the territories of Bosnia and the Serbian-controlled regions in the Republic of Bosnia and Herzegovina. These units were deployed in the areas of northern Dalmatia, Lika, and partly in Slavonia and Croatia.	
The newly arrived heavy forces consisted of the following:	
<ul style="list-style-type: none"> - A battalion (approximately 600 fully equipped and reinforced with artillery) from the "Red Brajlas corps" of the "Serbian regular army" which arrived in the area of Slavonia from the territory of the Republic of Bosnia and Herzegovina in the middle of July. This battalion was recently joined by another battalion in the same area; - During the same time period, groups of volunteers from Serbia, numbering approximately 1,500 to 2,500 soldiers, arrived on the territory of the Republic of Croatia, especially in the area of northern Dalmatia, and were sent directly to the front lines; - 100 to 200 officers and junior officers from the army of Yugoslavia are deployed in the so-called "15th Main Corps" and the "7th Main Corps" of the illegal Serbian armed forces on Croatian territory;

The new Serbian South left at 10 on this morning to travel to
Kamenica to meet with the 11th Corps Commander. He then planned to
go via Gornji to Gornji to meet with the 11th Corps Commander
to discuss the area (which are in the pink zone) which were
occupied yesterday by Croatian Forces. According to the latest
intelligence, there are an estimated 150 people living in that area,
we have a Serbian platoon in the Madak area.

Major Radosavlje accompanied the HDZ to look into the
humanitarian aspects of the situation. He expects they may spend
the night in Gornji.

The UN military placed a protest regarding that UNPROFOR
after the villages of Citič and Bivovsko taken by the Croats
and protect the civilians. However a ceasefire would need to be
established first. The Croats, according to the military officer
are willing to move in, but the party Sector Commander will not
give such an order. He wishes to wait for the arrival of the UN
at 1500 hours this afternoon.

As mentioned in your cover this phase, according to a protest
from the Serb side received at 1100 hours, if UNPROFOR does not
order Croats to 1100 hours, the Serbs will start shelling all
military targets in the hospital of Gornji (attached).

At 1100 today, the HDZ reported a full scale attack in the
Madak region, it has not been determined if it is from the Croats
or Serbian side. According to the HDZ in addition are not in the
old town of Gornji, including evacuation. This is in the
Madak area of operation.

An incident at 1100 today, the HDZ report heavy fighting
in Kamenica (south of Gornji).

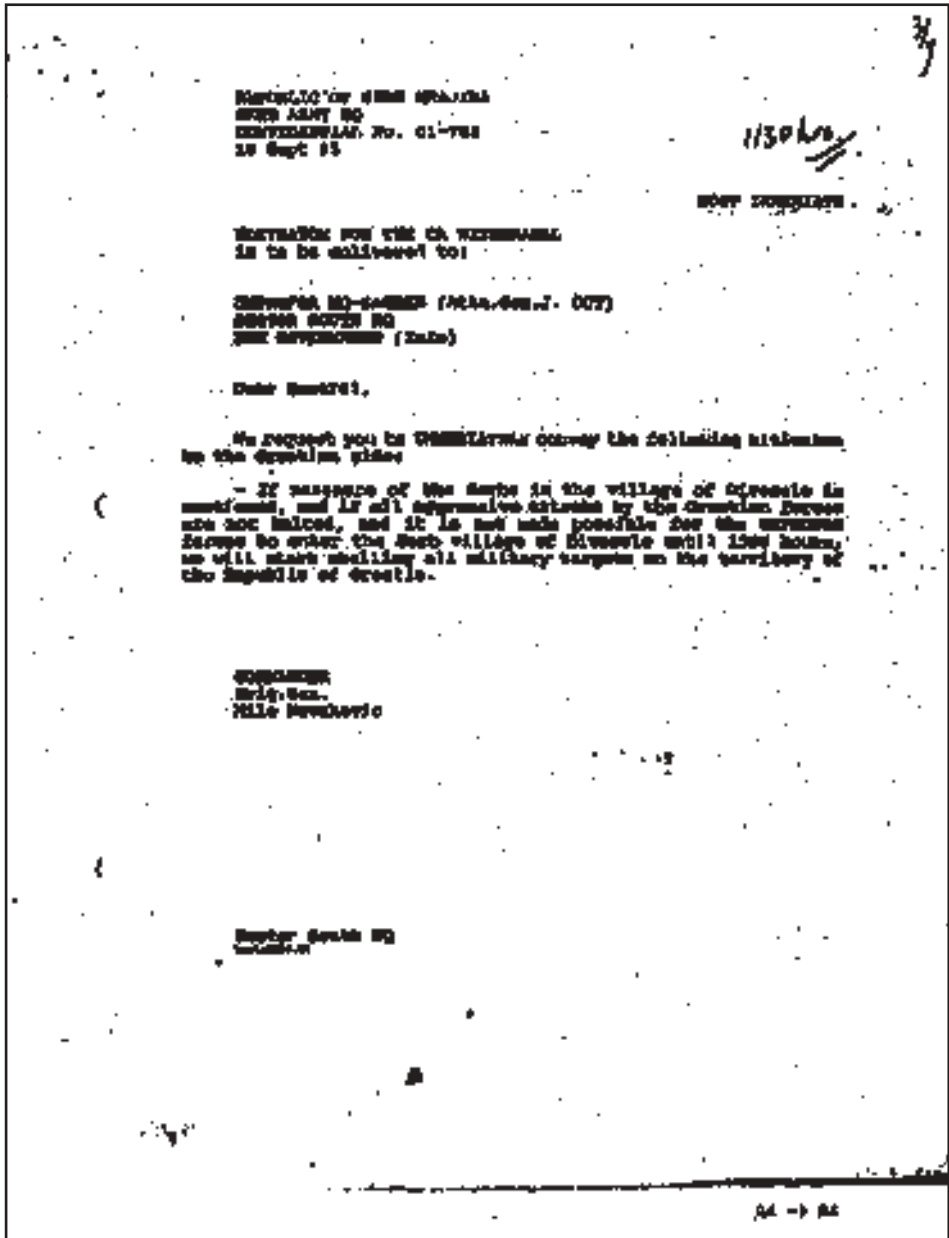

At 1200, we were informed that an Serb Corps Commander
officer refused to meet the HDZ because of military activity in the
area (this was reported to Zagreb HQ; they were requested to get
pressure on the Croats).

UNPROFOR are of the opinion that something should be done to get
the Croats into both villages. They would of course need
coordination from UNPROFOR HQ, and we advise from UNPROFOR HQ in
Zagreb.

A serious problem: UNPROFOR's mandate in the pink zone; the
Serbs could question such UNPROFOR military activity there,
because of limitations of the mandate, as well as the other obvious
reasons.

PRIJEDLOG UNPROFOR-a HRVATSKIM I SRPSKIM
VOJNIM VLASTIMA 12.09.1993. GODINE

1. Pregovori između obje strane moraju biti obavljani što prije.

2. Kao prvi korak smanjenju napetosti i smanjenju tenzija mora se pronaći lokalno rješenje na području Medakara:

a) znači povlačenje Hrvatske vojske sa područja koja su zauzeli poslije 9.9.1993.,

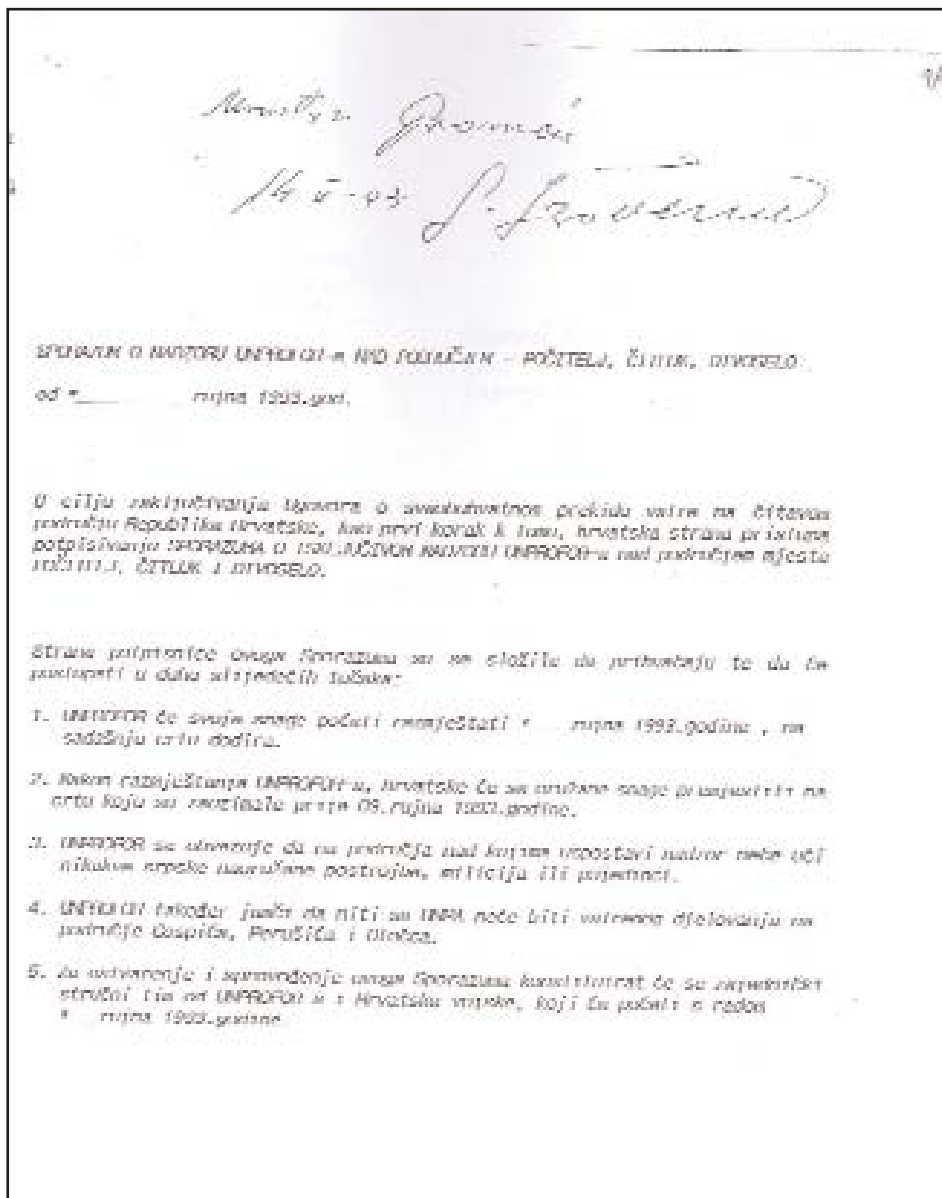

b) ozbiljni kompromisi i garancija Srba da će poštivati sve naznačeno u 3. točki.

3. Obje strane izražavaju svoju suglasnost da iskažu prestanak ciljanju po civilnim objektima najkasnije od 12,00 sati 13.09.1993. godine. Srbi posebno garantiraju da od tog vremena pa do završetka pregovora o primirju teško oružje kao što su rakete "Luna" i VBR-ovi neće koristiti. Obje strane se slažu da bilo koje korištenje lakog pješačkog oružja nakon 12,00 sati 13. rujna 1993. samo se može upotrijebiti u obrani snaga koje su direktno napadnute.

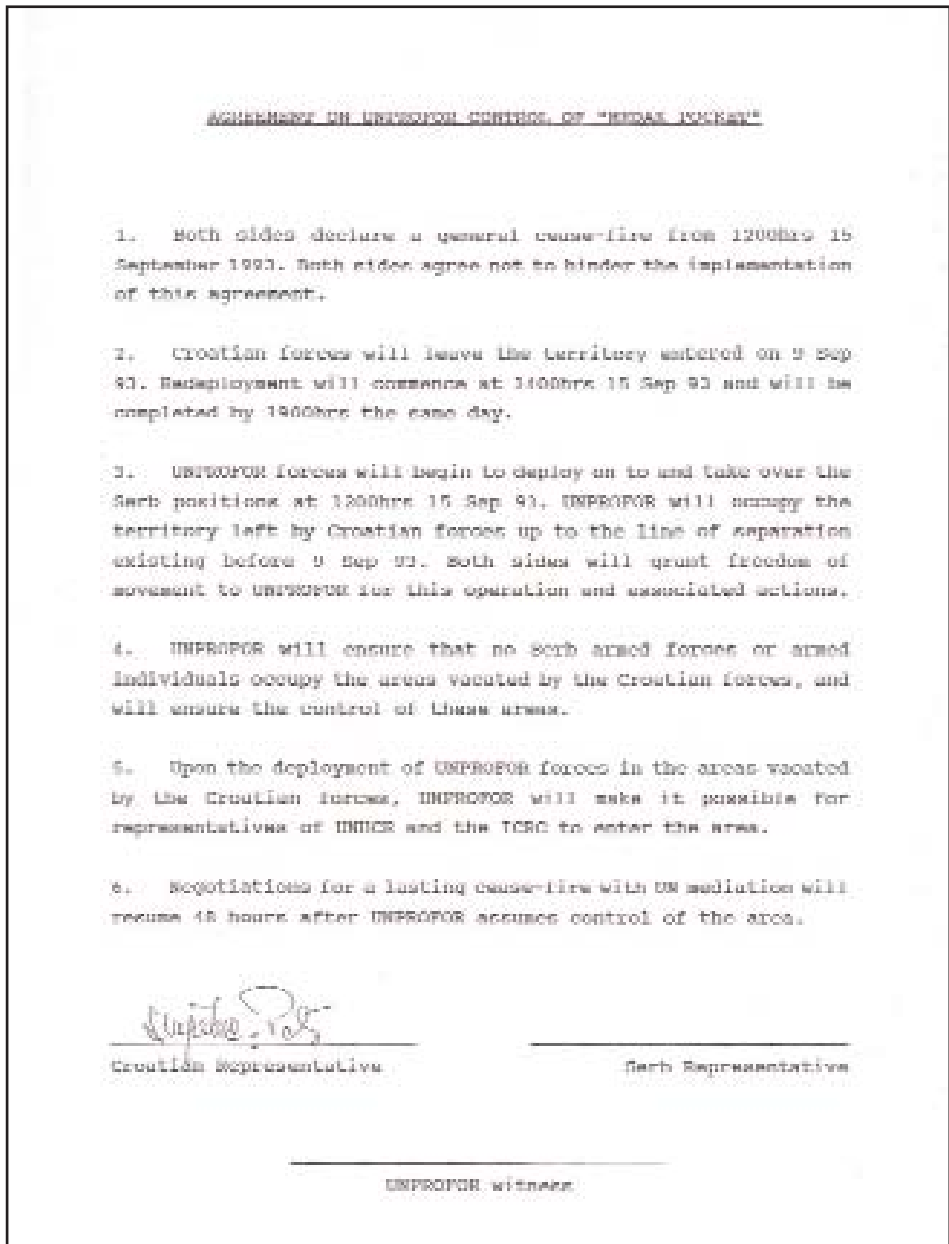

4. Što je prije moguće, nakon ispunjenja točke 2. i 3. mora se početi s programom o prekidu vatre prethodno dogovorenim po planu na jednom brodu na Jadranskom moru.

Le Général d'Armée JEAN COT
Commandant la Force de Protection des
Nations Unies

Le 22 septembre 1993

Général,

Je vous adresse ci-joint la chronologie des événements qui ont entouré l'effondrement, la négociation d'un cessez-le-feu et la création de la zone de cessez-le-feu.

Comme vous le constaterez en lisant ce document et comme vous le savez d'ailleurs aussi bien que moi, vous avez réussi à gagner du temps, aussi bien au stade des négociations entre nous que sur le terrain, lors de la mise au jour de l'accord signé par les deux parties. Soyez sûr que j'ai depuis le début été conscient de votre remarquable diligence qui vous a permis d'organiser la destruction totale de vilages. Je me suis battu avec détermination à cette manœuvre parce qu'il n'est apparu que c'était la guile à payer pour diminuer une tension qui devenait très dangereuse. Ce prix est pour moi extrêmement difficile à porter depuis que j'ai constaté la situation sur place, au milieu de nos soldats horrifiés.

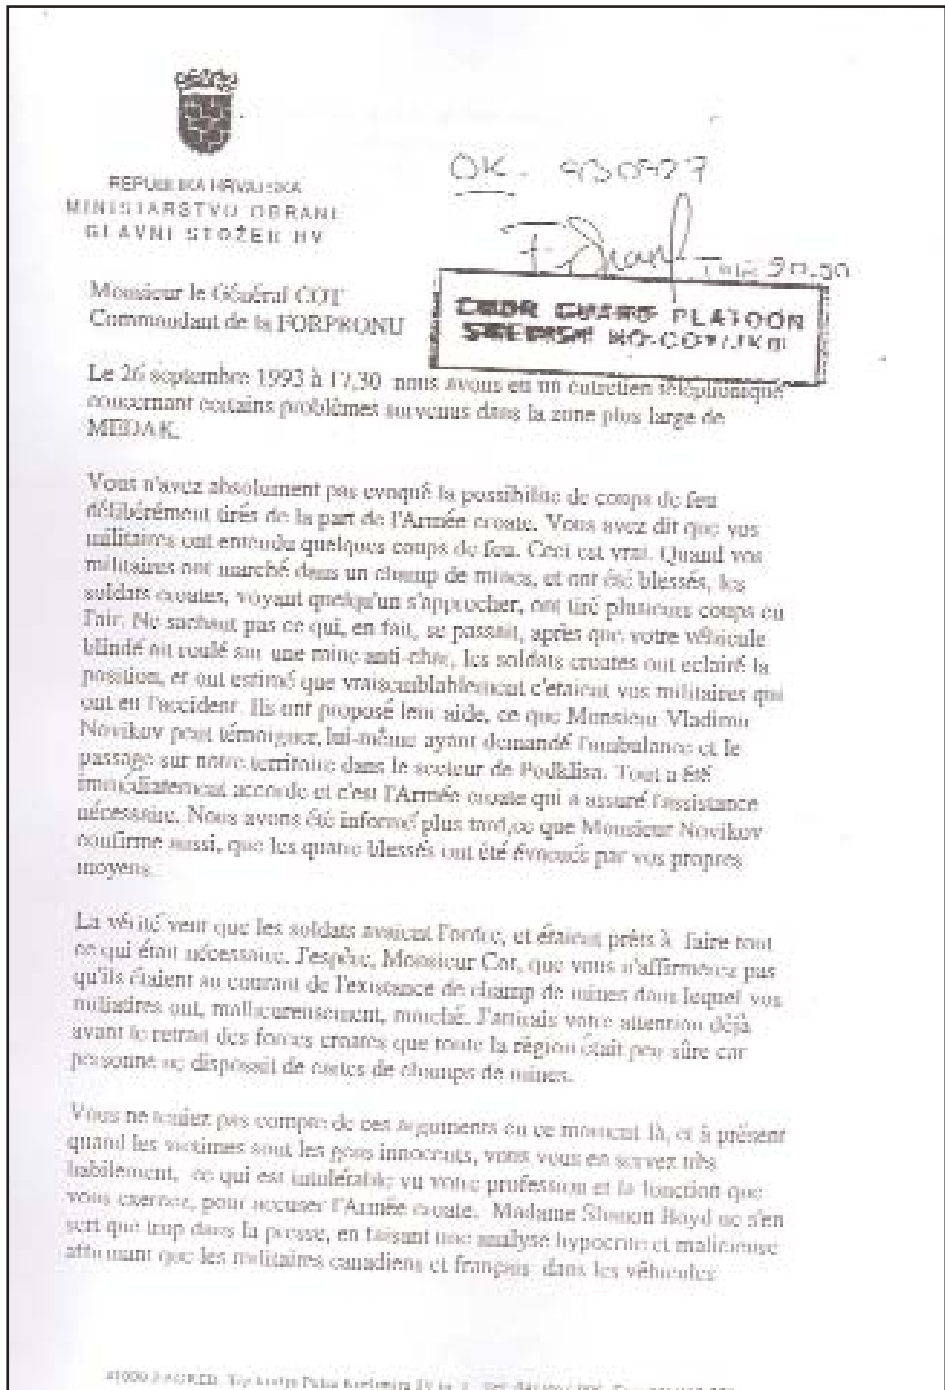

Malgré tout, les rapports que nous avons établis au cours des négociations ont permis la signature d'un cessez-le-feu et la création d'une zone sans tension qui se révèle viable. Ces rapports, je pense que nous partagerons les années à l'avenir en attendant de ne mettre à nouveau dans la situation d'aggravation dans laquelle vous n'avez placé.

Veuillez agréer, mon Général, mes sentiments les plus distingués.
